

CONSIDER THE ECONOMIES OF OUTSOURCING
YOUR ISO 9001, 14001 AND OHSAS 18001 MANAGEMENT PROGRAMS BY
VISITING

www.JimKing.Biz

If your organization is finding it difficult during these times to maintain your ISO 9001/14001 and/or OHSAS 18001 internal audit, and vendor audit requirements for certification or you feel you are not getting an adequate return on your ISO investment, then I may have a solution for you.

Have you considered the cost-effective approach to outsourcing?

Run the numbers!

One week per quarter outsourcing vs. salary, benefits, calling in sick, vacation, inexperience, general overhead and headcount pressures....What's it worth to you to relieve those cost burdens and management headaches? A lot less than you may think.

Here is what I can provide: With over 30 years of experience in quality, environmental and safety management systems, I can provide a **cost-effective** approach to satisfying all your ISO and overall management system requirements with a depth of business and management system experience for a price less than an **inexperienced** mid-level employee by letting me take care of your Return on ISO Investment.

I can provide:

- Internal EMS/QMS/OHS Audits
- Procedure and records maintenance
- Training, i.e., internal auditor, standard(s) interpretation, and implementation
- Quality/Environmental/Safety Cost Accounting
- Registrar interaction
- Coordinating Management Reviews
- Environmental and Safety compliance audits
- Permit renewals
- Recordkeeping management
- Regulatory support
- Management system integration (ISO 9001/14001, OHSAS 18001)

I am a Lead Auditor for ISO 9001, ISO 14001 and OHSAS 18001:2007 (As well as the Australian/New Zealand Safety Standard AS/NZS 4801 and ANSI/AIHA Z10) and am currently under contract to four nationally and internationally acclaimed registrars.

If you are interested in receiving a quote either an all inclusive daily rate or a daily rate plus expenses please let me know. If you have **any** questions feel free to give me a call at (865)-300-5689, or e-mail me at Jim@JimKing.biz.

As a consultant, trainer and Registrar's Lead Auditor (outsource contract auditor to 5 international and U.S. based Registrars) I can keep your management system(s) in top-notch form. I have:

- 30 years of environmental compliance experience in a wide variety of industries,
- Represented the electric utility industry in Washington, D.C. during RCRA, TSCA and CERCLA rulemakings,
- 20 years of quality auditing experience from coal mining operations to nuclear power plant operations,
- Have taught over 100 Lead Auditor ISO 9001 and 14001 classes, (including a smattering of 18001 Lead Auditor Classes) Implementation training (for 9000 and 14000), and internal auditing,
- Consulted to a variety of industries for quality and environmental cost accounting.
- Have consulted, audited, and trained internationally in Japan, Brazil, Columbia, Ecuador, Chile, Venezuela, Mexico, Spain and throughout Canada,
- Have previously held U.S. Department of Energy "Q" clearance,
- Have been an ISO 9000 Lead since 1995 over 700 certification audits,
- Have been an ISO 14000 Lead since 1996 over 500 certification audits,
- Have audited to OHSAS 18001 and AS/NZS 4801:2001 for over 100 certification audits,
- Published *The Environmental Regulatory Dictionary* in 2004, 4th ed. John Wiley and Sons,
- Co-Authored *The PCB Management Handbook*, with J.P. Woodyard, 1985, John Wiley & Sons.
- Have made numerous presentations before insurance, manufacturing, service industry, corporate retreats and governmental organizations.
